Criar Cópias!

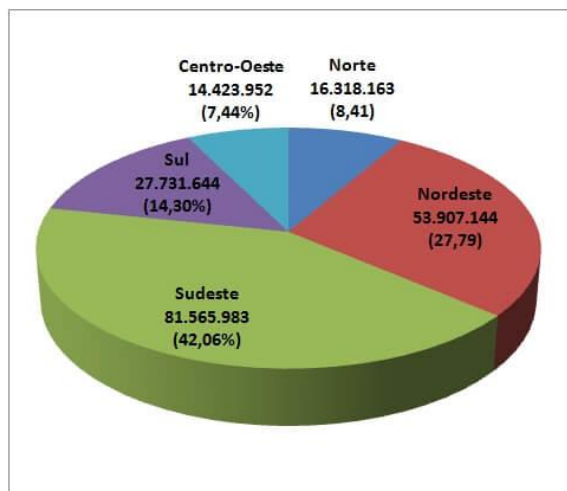

Particionamento

- Dividir os Dados Fisicamente
- Uma partição possui “parte” dos dados
- A aplicação consulta a partição que tem os dados de interesse

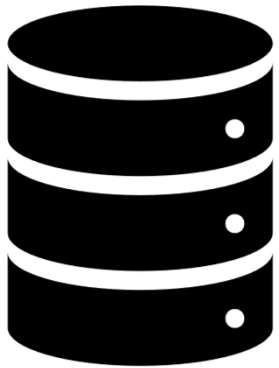

Particionamento

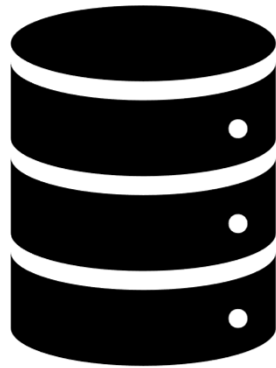

- Vendas de Varejo
- Filiais em Todo o Brasil
- E se dividíssemos os dados por Estados ou Regiões?

Particionar Dados por Regiões

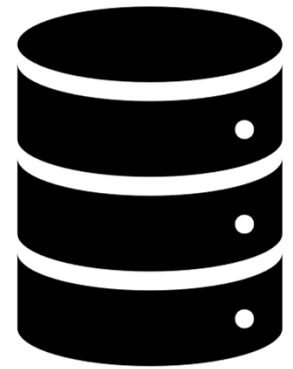

Região Sul

**Região Centro-
Oeste e Norte**

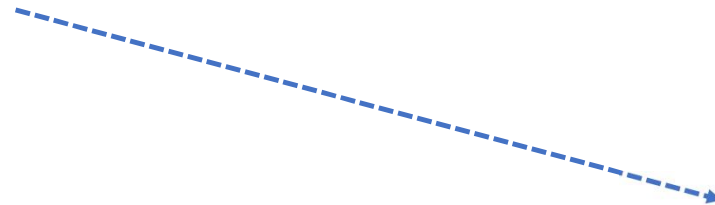

Região Sudeste

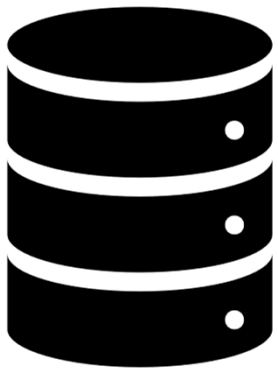

**Região
Nordeste**

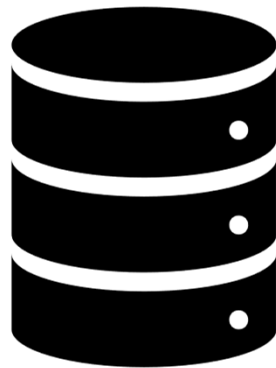

Select * from
vendas Where
região="Nordeste"
